## **STUDENT SURVEY**

*CAEL will provide the student survey in a survey instrument for distribution to the students at the end of the pilot program.*

### **About this survey**

Thank you for your participation in this program!

We are conducting this survey to learn more about your experience in this #Prepared4PA pilot program. Your program is one of many education-employer-workforce partnerships created to provide workforce training to job seekers in Pennsylvania.

The purpose of this survey is to evaluate your program in order to identify what has worked for you and what could change to better serve future learners. The results of this evaluation will help model future programs built in partnership between educators, employers, and the workforce system.

The education and employer partners will also provide information and feedback in the program evaluation. Together, this feedback will help us understand how to best serve learners like you as we continue to build training programs.

This survey should take approximately 10 minutes to complete. Your responses to this survey will be kept confidential, and you are not required to provide any identifying information, such as your name or email address. Optionally, you may provide your contact information at the end of this survey if you would like to speak with us further regarding your experience.

Thank you for your time! We appreciate your feedback!
